MATERIAL SAFETY DATA SHEET

PRODUCT IDENTIFIER: SEWCLEAN

REACTIVITY: 1

PERSONAL PROTECTION: A

PRODUCT USE: CLEANER

Date MSDS Prepared: 10th April 2017

MSDS Prepared by: Sri Guru Raghavendra Enterprises
Post-certification by accredited Lab.

1. Ingredients

Name	% by weight	Exposure Limits
Wetting Agents	05.0%	Not established
Inert Material	95.0%	Not established

2. Hazards Identification/Potential Health Effects:

INHALATION: Non-Hazardous in case of Inhalation.

SKIN CONTACT: May cause irritation to sensitive skin.

EYE CONTACT: Causes eye irritation.

INGESTION: harmful if swallowed. May cause vomiting and strong irritation. May cause death on overexposure.

3. First Aid Measures

INHALATION/CAUTION: Avoid breathing spray mist.

IF INHALED: Move exposed person(s) to fresh air. Seek immediate medical attention.

SKIN CONTACT/CAUTION: Avoid prolonged contact with sensitive or allergic skin & wounds.

IF ON SKIN: Washing with water is sufficient.

EYE CONTACT/CAUTION: Avoid contact with Eyes.

IF IN EYES: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Warm water should be used. Get medical attention

4. Fire Fighting Measures

Fire and Explosion Hazards: Non-Flammable

Products on Combustion : Water vapor, Carbon oxides (CO, CO₂),
nitrogen oxides (NO, NO₂), Hydrocarbons.

Fire Hazards in Presence of Various Substances: Not flammable in presence of sparks or fire.

Explosion Hazards in Presence of Various Substances: Not explosive if in contact in fire for long time.

Fire Fighting Media and Instructions: Water spray is sufficient.

5. Accidental Release Measures: Prevent this product from reaching surface waters or other water supplies. Individual unbroken Containers may be picked up and inspected For use/rework. Contaminated absorbent and wash water should be disposed of according to Local, State and Federal regulations.

6. Handling and Storage: Store in areas that are cool, dry. Keep out of the reach of children and animals. Do not contaminate water, feed or food by storage, handling or disposal.

Precautions: Keep away from strong oxidizers. Do not breathe fumes or spray.
Do not ingest.
Read and observe all precautions and instructions on product label.

7. Exposure Control/Personal Protection:

Ventilation Local exhaust ventilation is not required.

Respiratory Protection Not required.

Eye Protection Not required.

Gloves Not required.

Other Protective equipment Not required.

NOTE: Personal protection information provided in this Section is based upon label information as to normal uses and conditions. Where special or unusual uses or conditions exist, it is suggested that the expert assistance of an industrial hygienist or qualified professional be sought.

8. Physical Data

Appearance Mixture of powder
Colour Faint Yellow
Density 1.0082
Fire Point Non-Flammable
pH 12.14
Solubility (Water) Soluble in water
Loss on Ignition 99.0%

9. Stability and Reactivity

Chemical Stability Stable
Hazardous Polymerization Will not occur
Instability Temperature 65°C
Conditions to Avoid Heating with Strong Agitation.

10. Toxicology Information

Routes of Entry Eye contact. Ingestion.
Chronic Effects on Humans The substance is toxic to mucous membranes.
Other Toxic Effects on Humans Hazardous in case of ingestion.
NOTE: Information provided in this section is based upon label information.

11. Ecological Information

COD Not Applicable
BOD₅ Not Applicable
Products of Biodegradation Some products are non-degradable.
Short term degradation products may arise.
Toxicity of the Products of Biodegradation: The products of degradation may.

12. Disposal: When container is empty, wrap the container and dispose off with ordinary trash
